This report gives a general idea of students' reasons to go to school events organized by the English Club. In order to make a conclusion about ~~the most~~ the most significant students' causes to attend school events, a considerable amount of information has been collected. The aim of this report is not only to state the most important students' reasons to participate in events organized at school and to name the general trends that have been noticed but also to introduce several recommendations what should be done to increase students' attendance.

As for the general trends, it has been noticed that most students look for an enjoyable experience when attending school events. For equal percentage of students (50%) major causes for participating in school events are meeting up with friends or family and supporting friends or family members involved in the performance held at school. About 50 percent of students find it important to be involved in school activities whereas educational experience is the main cause for 50 percent of students who attend school events.

The will of students to be involved in school activities affects them more than their will to get educational experience. For most students supporting a friend or family member is a much more significant cause than attending an event for a reason of it being popular and held annually.

To increase the students' attendance participation in school events, it is recommended for the English Club to organize the events in places that can hold large groups of people, so that the students would be able to invite as many friends and family members to support them as possible. Another recommendation is to provide food and beverages for students, attending the event, to make the experience for them more pleasant.

In conclusion even the events where the students are able to get an enjoyable experience and spend time with their friends and family members are the ones, which are most willingly attended. To increase the attendancy the English club should ~~thoughtfully think~~ carefully think about the places to organize the events and about ^{food and drinks} ~~all the conveniences~~ they can provide.
