Come to Perm!

If you are searching for a place to visit on your vacation in Russia, we have exactly what you need. We invite you to Perm, a prospering megapolis on the bank of river Kama.

The city caters to you every wish while remaining safe and untouched by pollution. Perm has minimized the use of obsolete personal motorized vehicles and increased funding for public transit. While the city is industrial and most of its people work in factories, we prioritize clean and sustainable production on par with safe working conditions.

The economy of the city is a free market where small family businesses, such as cafés, bakeries and craft shops are integrated into the routine and favoured by the public.

Both residents and visitors are encouraged to use our mobile app, which works as a universal pass for a network of Perm's cultural establishments, namely our famous museums, galleries and libraries. Those who live in the city love this particular feature, as it makes it more convenient to study or spend free time in one of those places. Our software developers have made sure that the app provides a full list of events and sights of the city, which are neatly categorized. There you can purchase a tour of a nature reserve in our region, buy a ticket to the Opera and Ballet Theatre or book a weekend at a ski resort.

Perm has a lot to offer and it is simply criminal to miss such an opportunity.
