~~It is no secret that Russia is an amazing country for tourists. From the remotest places in Siberia and the Far East to Moscow and St. Petersburg, it has something for every tourist. And if you are not ready for something that big, why not visit a smaller town, which has been one of the best tourist destinations for decades?~~

~~Tcharkovskiy, named after the famous composer, situated at the south of Perm Krai, is a place that seems to be designed specifically to cater to tourists' interests. ~~No ultra-modern vehicles zoom past you while you're walking across the quiet, green streets, and there is hardly anything catering to large groups of foreigners. ## Tchaikovsky - a town frozen in time.

It is well-known that Russia is an amazing place for tourism. From the most remote and desolate regions in Siberia, to the quiet towns of the south to Moscow and St. Petersburg, it has something for everyone. And is there a better way to start your journey than with a visit to a town that has been recommended as a tourist destination for decades?

Let us introduce you to Tchaikovsky, which is situated in Perm Krai. The whole region is most famous for its nature resorts, and Tchaikovsky is no exception. If you ~~are growing sick of the noise~~ wish to have a couple days' rest in a place without numerous noisy vehicles zooming past you and ~~don't~~ do not mind the lack of cleaning robots with a massive amount of integrated functions, Tchaikovsky is the perfect town for you.

It hardly changed during the last forty years. There is still just one university, ~~the newest software is only used by~~ the landscape has still peaceful and green, and there still aren't many places catered specifically to foreigners. However, this all seems insignificant once you get to truly enjoy the beautiful view of the Kama river and see the remnants of the Saigatka village with your own eyes. Of course, there are cafés and restaurants, as well as other places to spend your free time; ~~but the true essence of Tchaikovsky does not lie there, and as well as~~ but the experience of the true Tchaikovsky ~~will come not from here, but from the feeling of~~, but the true miracle of Tchaikovsky does not lie there.
